SUPPLEMENTAL RESPONSE Attorney Docket No.: Q87757

Application No.: 10/534,290

**REMARKS** 

Applicants appreciate the Examiner's courtesy for allowing the counsel of record an

interview, which was conducted on November 5, 2009. A Statement of Substance of Interview

is submitted under a separate cover letter.

In order to support the Applicant's argument that the unexpectedly superior effect of the

claimed compound in comparison to CGP-12 177A, as shown in the specification, is a

comparison of the closest prior art, Applicants submit herewith Badawi et al. and Igawa et al. as

evidence to show that at the time of the instant invention, CGP-12 177A, was the state of the art

selective B<sub>3</sub> agonist for affecting smooth muscle relaxation. In accordance with M.P.E.P. §

609.05(c), the documents cited herein in support of Applicants' remarks are being submitted as

evidence directed to an issue raised in the Official Action, and no fee pursuant to 37 C.F.R. 1.97

or 1.98, or citation on a FORM PTO/SB/08A & B is believed to be necessary

Conclusion

In view of the above, reconsideration and allowance of this application are now believed

to be in order, and such actions are hereby solicited. If any points remain in issue which the

Examiner feels may be best resolved through a personal or telephone interview, the Examiner is

kindly requested to contact the undersigned at the telephone number 202-775-7588.
